# Take Control of Your Blood Pressure

## TEST IN PROGRESS

The cuff is now being inflated. Be still and quiet during the test. Your results will appear when the test is complete.

**Systolic:** is the pressure during your heartbeat.

**Diastolic:** is the pressure between your heart beats.

Use of the **Lifeclinic Kiosk** is not a substitute for a physician. Only a physician is qualified to interpret the significance of blood pressure measurements. Self diagnosis or self adjustment of medication is dangerous.
